

## **MOVE-A-LONG WITH SING-A-LONG, KZN, SOUTH AFRICA, JUNE 5, 2009**

An enjoyable, interactive workshop. Lots of fun with great ideas.

What a wonderful way to spend a few hours – fun, interactive, aerobic! You don't just sit and listen, you move and dance and sing the whole way through, a great way to feel like our children do.

The workshop was great fun, gave us teachers wonderful ideas for the classroom. Very worthwhile.

Great, lots of fun. Learnt new moves too!

Excellent, lots of fun. We've been using Sing-A-Long for about a year and the children love the songs and dances. Lovely to participate in Janine's workshop, really enjoyed the dance ideas!

I have fully embraced the THRASS Sing-A-Long as it brings the whole THRASS programme into the music room. The workshop was fantastic as it brought new ideas to the teaching of the songs. I had always wanted to meet Janine as I think she is fantastic!

Awesome, amazing, most innovative. I do Sing-A-Long but now I will do Sing-A-Long every single day. Such an inspiration. Janine was so good. Brought on the jive in everyone.

A wonderful afternoon! Children can only learn through having such fun! We were already sold on THRASS and the Sing-A-Long material and it was wonderful to have it brought to life for us.

Great fun! Helpful and stimulating! Learnt a lot. Inspiring!

I have never been to a THRASS workshop before and I thought that this was really fantastic! What an experience! Congratulations, Janine!

Most entertaining. We learnt a lot. Janine is amazing.

What a wonderfully fun way to spend the afternoon! I'm sure that the Sing-A-Long will never be the same again as Janine has made it come alive for us all!

I thought the workshop was thoroughly entertaining and enjoyed it a lot. I learned a lot about THRASS that I didn't already know and will enjoy using that in class.

It is very good, the kids will really enjoy it. I think it will be nice to introduce it in the classroom.

That was great! We had a lot of fun. We learned some lovely new ideas. Thanks so much.

Dynamic presentation that brought the songs alive. Can't wait to use the songs more in the classroom.

It was such an enlightening afternoon, full of lots of insight into 'THRASS Sing-A-Long'. Such creative ideas which I cannot wait to share with my children. What a fun-filled afternoon.

Enlightening, inspiring, very worthwhile!

Fabulous! Fun! Who wouldn't want to teach with such a dynamic tool!

It was great to get ideas to help us use the CD in the classroom. The children love the music!

Great fun, an innovative way to learn with content that the children will be able to identify with.
