

THRASS ACCREDITED CERTIFICATE, KWA-ZULU NATAL, SOUTH AFRICA, JUL 13-14, 2007

Wow! This was so valuable! The course was outstandingly co-ordinated and presented. It was hugely beneficial and informative and I learnt so much. I love the programme and can't wait to get into my classroom on Monday to implement what I've learnt.

The last two days have been very interesting and very helpful – practical.

Enlightening! The methodology is user-friendly. I am excitedly looking forward to applying this in my classroom. Thank you for your enthusiasm and sharing a wealth of knowledge.

I am glad I attended the course and found it interesting and useful.

A wonderful course. Enjoyed it – very informative. Helped me to understand it more as my child is being taught it and now I can help him a little more. I truly feel empowered and I think I must practise lots more to become more confident.

Excellent course. Laola was and is fantastic. Presentation and training was done in such a way that I, as a mother could understand and grasp the THRASS programme. It is an incredible programme and I would love to see it in all of our schools. In addition, it would be beneficial for a lot of parents.
