

THRASS ACCREDITED CERTIFICATE, NORTH WEST, SOUTH AFRICA, MARCH 7-8, 2008

Mrs Altschul was most professional in her presentation and her subject knowledge was extensive. Her presentation skills were wonderful as her sense of humour and attention to detail kept me attentive and engaged. THRASS has given me much food for thought and once implementation has started only then will I be able to fully understand the flow of the stages and put these into lesson plan for the literacy time. Thank you for sharing yourself with us! Well done!

Thank you for such an eye-opening course. As a second language speaker I now realise I have a lot to learn but thank you for cassettes and audio visuals which will be of great assistance in my learning. You presented it excellently in an easy way. Even though I never read it before I could follow with ease on how the material works and as you said; I will keep on coming back to you and my colleges when I get stuck.

Really enjoyed the presentation and will definitely be using the program in the classroom. The course has excited me once again, in what can be done in the classroom to make learning for students fun and interesting.

I found the course to be interesting and informative.

An interesting course - well presented.

It is exciting to think of a better Monday with a whole new approach to educating my class with this methodology. Hope you come visit me while I am rolling and thriving with THRASS. I already see my little ones gaining so much from this.
