

THRASS ONE-DAY FOUNDATION COURSE, WEST SUSSEX, MARCH 5, 2007

Very enjoyable, very helpful, very clear, I'm fired up with enthusiasm.

Packed full of knowledge and information. Good useful ideas of games and activities.

Very knowledgeable presentation. A lot to take in but information was clear. I think pupils will enjoy learning through this approach, especially the songs and games. The picture charts will be a useful prop for pupils' writing. The interactive programs will be a good focus for learning.

The trainer was very enthusiastic and knowledgeable. The presentation materials were of a very high standard. I felt everything was explained very well with lots of examples of how to use games/activities with the children. There was a lot of information though to take in, in one day.

THRASS was explained very thoroughly. A lot of ideas for games and activities. The day was very enjoyable thanks to Hilary's enthusiasm!

I was very impressed with the course and with THRASS. Hilary was extremely knowledgeable and enthusiastic and presented the scheme very clearly.

Very good and comprehensive. I can really see the benefit of a consistent approach across the school.

Very interesting and a lot to learn. Hilary was very enthusiastic and truly believed in what she was teaching. As a trained secondary teacher, a lot of the content was new to me but still I clearly needed to know. THRASS sounds like an ideal approach to our school. Thanks Hilary.

Very informative and interesting. It answered a lot of questions in my mind. Very professional in presentation. I would have liked a bit more time however I realise that it is a 2-day course.

Very useful. Was pleased to see that when I started THRASS last year, I was going the right direction! A lot of resources – will need to find room on my wall! Especially like large and small picture cards.

Very informative. Good speech and enjoyed listening all the time. I found it very helpful and the children are going to benefit from this wonderful THRASS course.

THRASS is now much more clear to me. A very good course – informative and interesting. I am looking forward to using the system and monitoring the impact.

Concise overview of THRASS. Appropriate mix of input/activity.

Useful, informative, loads of ideas, colourful visual aids. Something good for the children, back to basics! Hooray. Enthusiastically presented by Hilary, thanks and well done.

Very good, so much information! As with all things, the application of THRASS depends greatly on time – with so many other priorities, it will be hard to do justice to the full programme. Here's hoping though, because there were some very sound ideas here. Good!

Very inspiring! And it all came clear! Thank you, a very interesting and informative day.

Very informative. Drew on a lot of knowledge we already had but gave me a new direction in the way to use that knowledge.

Very clear and helpful.

Thought the course was very interesting. The ideas that were given were very useful.

Very interesting and informative. I have learnt something, great!

A great deal of useful information – now I need to sit down and plan when and where I am going to fit it all in! A good day – thank you!

Very useful information on how to use the THRASS material. An enjoyable and informative day.

It was an interesting course and I found it quite easy to follow what was going on. It kept a fast pace.

From a Governor point of view a very informative day about how the school teaches reading and handwriting. I look forward to hearing at governors meetings how THRASS is progressing in school.

I am inspired to take this away and think about how I can use it in school and also with my pre-school child. Enjoyable session.

Very interesting. A lot to take in but the structure was very good and made a lot of sense! Resources are very good and user friendly.

Useful, good visual charts, interesting.

Very informative and interesting. The trainer presented the course clearly and with lots of detail I thoroughly enjoyed the day. Very useful and informative. Learnt a lot especially stuff I've taken for granted about English. Can see my self doing THRASS with the children confidently. Was very impressed with the role modelling.
