

THRASS ONE-DAY FOUNDATION COURSE, LONDON LAMBETH, MARCH 20, 2008

Excellent interactive, fun and educational experience. The tools and progression really make it a useful tool for the whole school.

Very good, very informative, very well presented, enjoyed fully.

Enjoyable refresher – concise walk through the THRASS programme.

I have really enjoyed this course. I found it very helpful. I will certainly use the THRASS charts, now that I understand what to do with them. Thank you Hilary, you have been fantastic!

An informative course which has given me a fuller understanding of THRASS and much more confidence in my own ability to teach using THRASS.

I have used THRASS over the years when it was introduced to us but didn't have any training on it. This has helped me a lot to know what I have been doing is right and games etc. I can do. Fantastic training.

Very informative, particularly the jargon definitions of terms. Great ideas for games/activities.

Very informative, I really enjoyed the THRASS training today, I feel that I have learned a lot from Hilary as she explained THRASS in a way that was easy to take in. She was very friendly and helpful.

A really great day – thanks Hilary. It was very informative and gave us all the guidance and ideas that we were so desperate for.

Very useful re-visit of basic principles and approaches of THRASS. Lively presentation, (But I got a bit irritated by some of the digressions and anecdotes). A good mix in the afternoon session of talk and try-out activities. It has reinvigorated my enthusiasm for the THRASS approach.

Interesting, informative and engaging – Thank you. Useful to see how it can be used effectively across age ranges in primary school.

This was really helpful and I now feel more confident in using the THRASS charts for phonics and handwriting lessons. It made teaching phonics much clearer.

Software and classroom games very useful. Knowing how to use resources was crucial to my needs. Felt the delivery a little too anecdotal, but overall enjoyable and informative.

Very informative, feel like I understand THRASS now! Brilliantly delivered!

Excellent.

Very good. Just what I needed. I feel sorry for any school that does not know about this.
