

THRASS ONE-DAY FOUNDATION COURSE, HAMPSHIRE, OCT 24, 2008

Very clearly explained. Lots covered so feel I have a good understanding now. Particularly liked examples of games we could do with children. Very professional course.

Fun, informative and very user-friendly. I now understand what the rest of the school are doing!

Lots of great and helpful information given to help with resources and how to use them (more importantly). Great to hear about updates i.e. the Cued Speech. A great day.

I have thoroughly enjoyed today's course. It was useful and I can really see the benefits of introducing the various graphs, digraphs, from the beginning. Hilary was very friendly and presented the information and materials in a fun and easy to understand way. Well done.

Great course, enthused all over again. Wonderful new resources. Will face my class on Monday morning with renewed vigour!

I enjoyed the day and now feel more confident about using THRASS in the classroom. I particularly enjoyed the Sing-A-Long resources and feel that they would be very useful in class.

I enjoyed the day, and will go back to school feeling much more confident to continue using THRASS. Lots of ideas of how to make it fun. I feel I know what I'm doing so much more!

Thanks – very helpful.

Enjoyable and informative. The lively presentation kept my attention even though tired.

Generally helpful.

Very good. Lots of ideas on ways to teach and learn to improve reading, spelling and handwriting.

Really informative, so very excited about putting it into action. Would have liked to hear more advice/guidelines about how to take it on as a whole school initiative.

Good revision and follow-up to previous two-day course.

Great course, explained well. Helped me make sense of what we have been teaching! Lots of fun.
