## Teaching Handwriting Reading And Spelling Skills

Helping children and adults to better understand  
the sounds and spellings in English words

THRASS can be used in schools and communities to develop vocabulary, general knowledge, **English communication skills (speaking, reading, spelling and writing)** and life-long word solving skills (phonographic metacognition). The 'English Skills Drill 120' video <https://youtu.be/MvbjdmP4F8g> is an excellent 'self-study' resource for children and adults (including teaching assistants, teachers and parents) to learn the **44 sounds, 120 keyspellings and 120 keywords of English**.

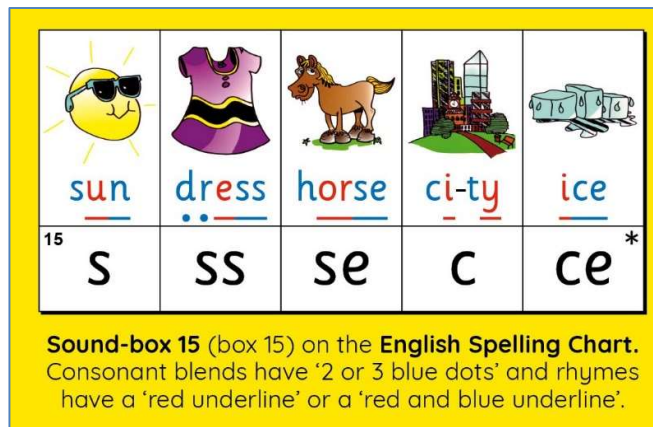

### 1. THRASSUK Teaching Videos - THRASSUK YouTube Channel [youtube.com/@THRASSUK](https://youtube.com/@THRASSUK) or <https://www.youtube.com/user/THRASSUK>

These videos help children and adults (**as individuals, or in pairs, groups or classes**) to better understand the sounds, spellings, syllables, consonant blends and rhymes in English words. **For pupils, students, teachers and parents**, these videos are a great way to learn and revise the building blocks.

### 2. English Spelling Chart ("the THRASS chart")

The colourful chart is available as a handy two-sided A5 and A4 deskchart and a one-sided A1 and A0 wallchart. All four charts are encapsulated and each of the 120 keyspellings has a picture and keyword.

**General Advice:** If they have sufficient funds, schools usually purchase individual copies for their pupils, as appropriate; otherwise they purchase 'A class Set of 30' for classes to share. Often they select 'Purchase Order' during the online checkout process so that the invoice is sent with the goods. Parents usually order individually, though sometimes a member of staff or parent places a collective order to save on the P & P charges.

ALL CHARTS ARE ENCAPSULATED. LEARNERS CAN USE A DRY-WIPE PEN TO TRACE OVER, NAME AND RECALL THE LETTERS.
